Your stay at the Kansas Heart Hospital is very important to us. We want you to be prepared and stress-free prior to your arrival.

Realizing that your care begins before you arrive, we have provided a "Check-In Check List" with recommended items to bring along with appointment information for you to fill out if needed.

One of our preadmission nurses will call your home before you arrive at the hospital. She wants to assist you and your family in the admitting process along with answer any questions you might have.

If you have further questions, please feel free to call. We will be happy to assist you!
